Children’s Health Insurance Program (CHIP)
If you are a working parent who needs health coverage for your children, but you make too much for Medical Assistance to cover them, apply for CHIP! This is a health insurance plan that can cover many PA children at no or very low cost. (Described below):

CHIP, brought to you by Capital Blue Cross
1-800-543-7101
Services: no cost or subsidized health insurance for children ages 0 until 19. Serves Lehigh and Northampton Counties. Coverage includes medical, dental, prescription and vision care.
Requirements: child has no health insurance, no medical assistance and not eligible for MA NOTE: Head Start and Early Head Start has applications for CHIP and AdultBasic. Ask your Head Start staff person.

Healthy Beginnings
State funded payment program for medical services to children 0 to 18 years of age with or without medical coverage; prenatal/postnatal care for mothers. Based on income; must apply. They’ll send you an application; must be citizen/resident alien. Call 610-250-1700 for Northampton County and 610-821-6503 for Lehigh County.

Medical Assistance
The Medical Assistance Program (Access) is now a managed care system called “Health Choices.” To apply for Medical Assistance (Access) for yourself and/or your family, you must visit or call the County Assistance Office (Welfare Office). For Lehigh County residents, call 610-821-6503. For Northampton County residents, call 610-250-1700. They will send you an application. There are three health managed care MA groups you can choose from, based on your health needs. (And also some groups, especially for those with addiction or mental health needs). They will send anyone found eligible information on these groups. You can then pick one to have as your health insurance group; you can change groups if you decide another is better. Anyone found eligible for Medical Assistance who has not chosen a group will be placed in a group (but you can still switch later). You will be able to get sent to you a list of doctors and dentists who take your group. To get information about the different health choices groups, you can call 610-437-6237 in Lehigh County or 610-923-5214 in Northampton County.
