Dear CSC Families and Community Partners,

This has certainly been an extraordinary time as we face the challenges before us in our community and country. Though Community Services for Children has had to close our doors to the public and eliminate classroom or individual face-to-face services, we continue to support children's learning, and meet the needs of families and child care providers during this crisis as much as we can through phone and internet communications. We are providing weekly activities for parents at home to do with their young children in the areas of early education, health, nutrition, safety as well as adult wellness and resource and referral. We are maintaining our commitments to parents seeking childcare and fully supporting the childcare industry to maintain operations when safe and necessary.

We are committed to following the guidance of our Department of Health, the Governor's orders, and working collaboratively with our community partners in order to ensure the future health of our communities. We are grateful to our health care partners, child care providers, police, fire and emergency workers, the social safety net, – as well as the truckers, grocery stores, pharmacies, and countless others who continue to maintain our lives!

We know that this crisis strains our systems of care and will do everything possible to ease that burden for each of you. Please contact us for assistance at any time.

Please also maintain social distancing, stay at home, wash hands frequently, and stay well!

Sincerely,

Paula J Margraf

CEO/ President

***Our Mission:**
CSC prepares young children and their families to
succeed in learning and in life through innovative,
comprehensive, leading - edge services.*
